

Leticia Amazonas is in the middle between the big cities of Iquitos and Manaus. We have a population of nearly 40,000 *happy, warming and beautiful people* with more than 10,000 motorcycles. The biggest difference between Manaus and Iquitos are no arm robbery experience, people are not piranhas in the streets selling tours, it's not as hot as Manaus or Iquitos (Those cities have too much concrete) and we are really open to help you.

These information are updated and you can rely on it. If you need any help you can contact me at amazonasdeturismo@gmail.com.

The price is 90 soles per person and it will include all meals starting from the second day. The food is not that really good, be prepare to eat a soy cooked chicken, noodles and rice.

My recommendation are to bring bags of 5 liters of water (You can buy it at Leticia - the price is \$1,700 COP). It departs from Santa Rosa Island at 8:00 Pm.
