

Leticia Amazonas is a paradise in Colombia. I wrote an article about Leticia being the most safest city in Colombia but among other things which make Leticia more special it's three borders (Peru - Colombia - Brasil). This makes a mixture of typical, native gastronomy and a new type called Amazonian Food.

Please, don't come to Leticia to eat a \$7,000 COP budget meal, at least try one of our best Amazonian dishes. We have a fish diet because soil is not recommended for live stock and beef is quite expensive. Visiting Leticia is to try a **Ceviche, Patarashca de Pescado, Cecina con Tacacho, Casabe Pizza, Chicharron de Pirarucu or a meat filled Mojoy Worm.**

Mojoy worm, one of the most exotic dish in Leticia Amazonas
