Prices are in cash but if you pay with credit card i have to add 50.000 pesos per persona, its what the bank charges here for the bank transfer.

### **What is included?**

This includes the 3 nights accommodation, 3 meals per day (breakfast, lunch, dinner), water, tours, translator if needed, coffee (with breakfast) and fruit juices (with lunch and dinner). Alcohol you will need to pay for separately.

## **Why does the translator is not local?**

Tourism is just new in Colombia, I mean like more tourist than normal in the last years. We really were not prepared that lots of non spanish speakers foreigners where going to come so nobody or barely someone speak english in Leticia Amazonas. I can count with my fingers who speaks english in Leticia and surroundings.

Now with more visitors in Leticia Amazonas, I get cool volunteers who help my guides to translate and at the same time they are teaching english to them. After one year, one of my guide speaks english and the others are studying hard learning.

## **Understanding the Colombian Amazon**

People, our history haven't been really cool. Since slavery, destruction, animal trafficking, ngo, land invasion, excesive huntig, Pablo Escobar and other staff I think we are getting recover. Our Amazonas is a big zoo but I dont have animals in a jail. Climate changes, full moon, people using deet 100% or making lot of noise can be more difficult to spot animals but we spent lot of time while we are not working to find the spots. Some animals are just difficult to spot such as a manatee, jaguar or anaconda.

From February to late May is all flooded in ome area which we will do lot of boat activity. From later July is all dry and we can do trekking on the flooded area.

Lot of people don't know but in 80s in the Amazon the drug empire from Pablo Escobar was done in the Amazon and I know all the histories. If you want to know more at dinner i can tell you the history.

## **What to bring to Leticia Amazonas?**

Sun screen, mosquito repellent (with DEET), trekking snacks, 4 Long sleeve Tshirts/Shirts, 2 Long trousers, 2 shorts, 4 socks, a head light or torch and a hat. We'll give you boots and a poncho. You can bring you phone and camera but make sure you have a case to keep them dry if it rains
