

Leticia Amazonas is located in the last southern border of Colombia. It offers a variety of options depending on your budget and what you are looking for. Hostels are the most concurrent option for backpackers coming to Leticia, if you have low budget the average price is \$25,000 COP or \$13 USD.

Our city has more than 3 different hostels with different accommodation. They all have fans, dorm rooms up to 8 beds, some have green areas, and others just an old house transform into a hostel. At night in the Amazon is always breezy, so unless you're a polar bear a room with a fan will probably suffice. For privacy and romantic scenes, there are low budget hotels in Leticia that can work out.
